Introduction to Community Vital Signs

Dr. Juan Carlos Belliard

Assistant Vice President for Community Partnerships and Diversity

Loma Linda University

Institute for Community Partnerships

THE STATUS OF OUR VITAL SIGNS
2019 Key Findings

Community Vital Signs

Community Health Improvement

- Community health initiative developed by the community
- A framework for improving health outcomes
- Builds on the Countywide Vision, sets goals and priorities for action
- Recognizes how sectors are interrelated and part of the solution!

Community Vital Signs

A Collective Approach

- Established a multi-sectoral partnership for alignment of resources and efforts
- Brings community together to prevent working in isolation in a structured way to achieve change
- Works to make transformative change to support healthy choices and behaviors

Community Vital Signs

Community Transformation Plan

- Provides guidance and roadmap for action by partners
- Addresses four Priority Areas linked to health:
 - Education, Access to Health and Wellness, Economy, Safety
- Includes Goals
 - Increase high school graduation rates
 - Increase access to a regular source of health and behavioral health services
 - Decrease percentage of families living in poverty
 - Decrease crime in San Bernardino County

Community Vital Signs

What We Have Accomplished

Education –Increase Graduation Rates

SBC Superintendent of Schools created Footsteps2Brilliance to improve 3rd grade reading level proficiency across a cohort of 1500 students.

Access to Health and Wellness –Increase access to health opportunities

- Alignment between Loma Linda University, Behavioral Health, and IEHP to integrate community health workers in community settings
- Partner collaboration between SBC Transportation Authority and Public Health to promote walking, biking, and traffic safety

Community Vital Signs

What We Have Accomplished

Economy: Partners have aligned to provide professional development to teachers and training to students to enter the workforce in the health field, thereby increasing health professionals and improving economy.

Safety: Collaboratives, faith-based, law enforcement, and public health have aligned efforts to restore services to the formerly incarcerated to reduce recidivism and crime.

Community Vital Signs

Ultimate Goal – Improve the County’s Health Status

Requires Vital Signs to:

- Assess where we’ve been and where we are today
 - Did we improve, worsen, or remained the same?*
- Your feedback to identify the issues that affect the community’s health
- Your input to prioritize the issues for communitywide action

Community Health Assessment

Please complete the Community Health Assessment and provide your feedback and perceptions on the issues that affect community health.

2019 Status of Our Vital Signs

THE STATUS OF OUR VITAL SIGNS
2019 Key Findings

San Bernardino County

DEMOGRAPHIC PROFILE

Total Population

A Growing Population

- The population in SBC has grown by 5.6% from 2010 to 2017.
- Some cities have seen higher growth:
 - Chino (14.8%), Chino Hills (7.1%), and Fontana (7.6%);
- Other cities have seen stagnant growth:
 - San Bernardino City (3.0%), and Redlands (3.7%).

Race and Ethnicity

The Strength of Diversity

- In 2012, SBC became a county where the majority of the population was Hispanic or Latino.
- At that time, the second highest represented group were Non-Hispanic Whites at 31.9%.

Population by Age

An Aging Demographic

In general, the share of the population in SBC aged 0 to 17 is decreasing, while the share of the population aged 65 + is increasing.

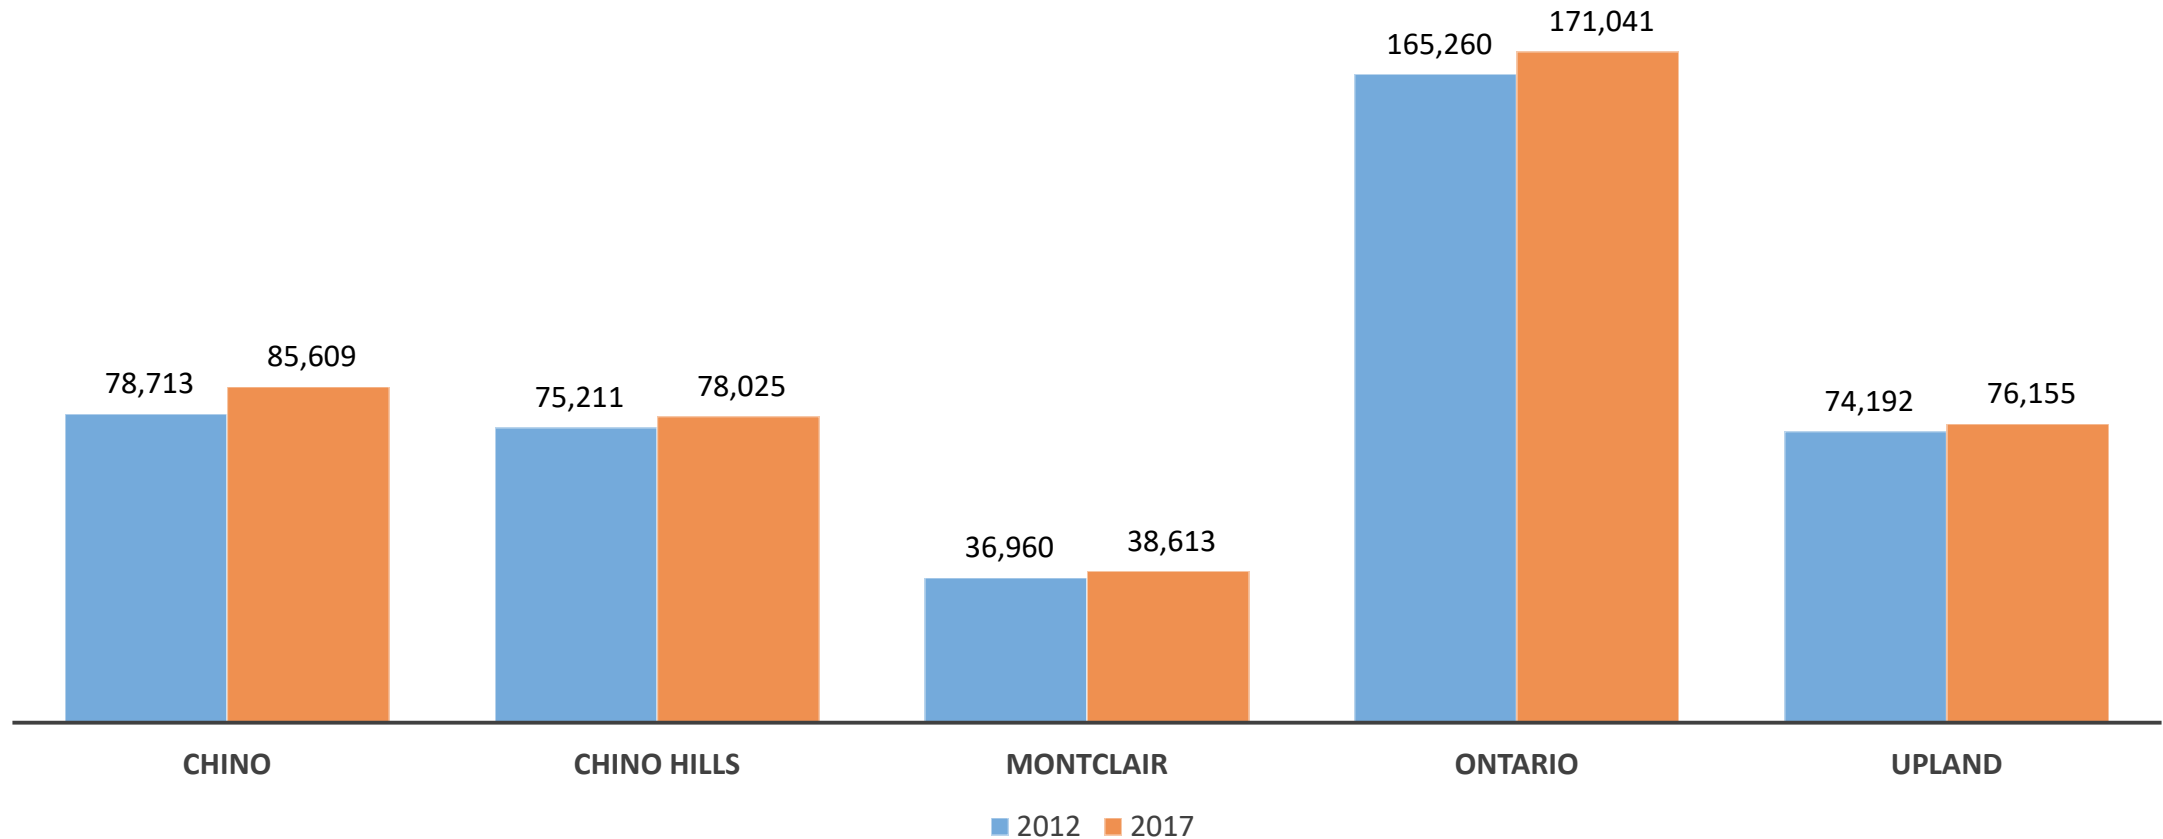

Voter Registration

A More Engaged Citizenry

While Voter Participation rates have generally hovered around 65% historically, the most recent audit of voter registration in 2019 shows a bump in registration for SBC (72.2%) and the State (79.1%).

Population – District 4

Race and Ethnicity – District 4

| City | Asian | African American | Hispanic or Latino | White | Other | Two or More Races |
|-------------|-------|------------------|--------------------|-------|-------|-------------------|
| Chino | 12.2% | 5.7% | 52.4% | 24.8% | 0.8% | 4.1% |
| Chino Hills | 33.3% | 4.5% | 28.8% | 30.1% | 0.6% | 2.6% |
| Montclair | 9.9% | 2.8% | 70.3% | 14.4% | 1.1% | 1.6% |
| Ontario | 5.7% | 5.7% | 70.0% | 16.1% | 0.8% | 1.7% |
| Upland | 8.8% | 5.3% | 41.7% | 41.0% | 0.6% | 2.6% |

San Bernardino County
HEALTH AND WELLNESS

Health Insurance Coverage

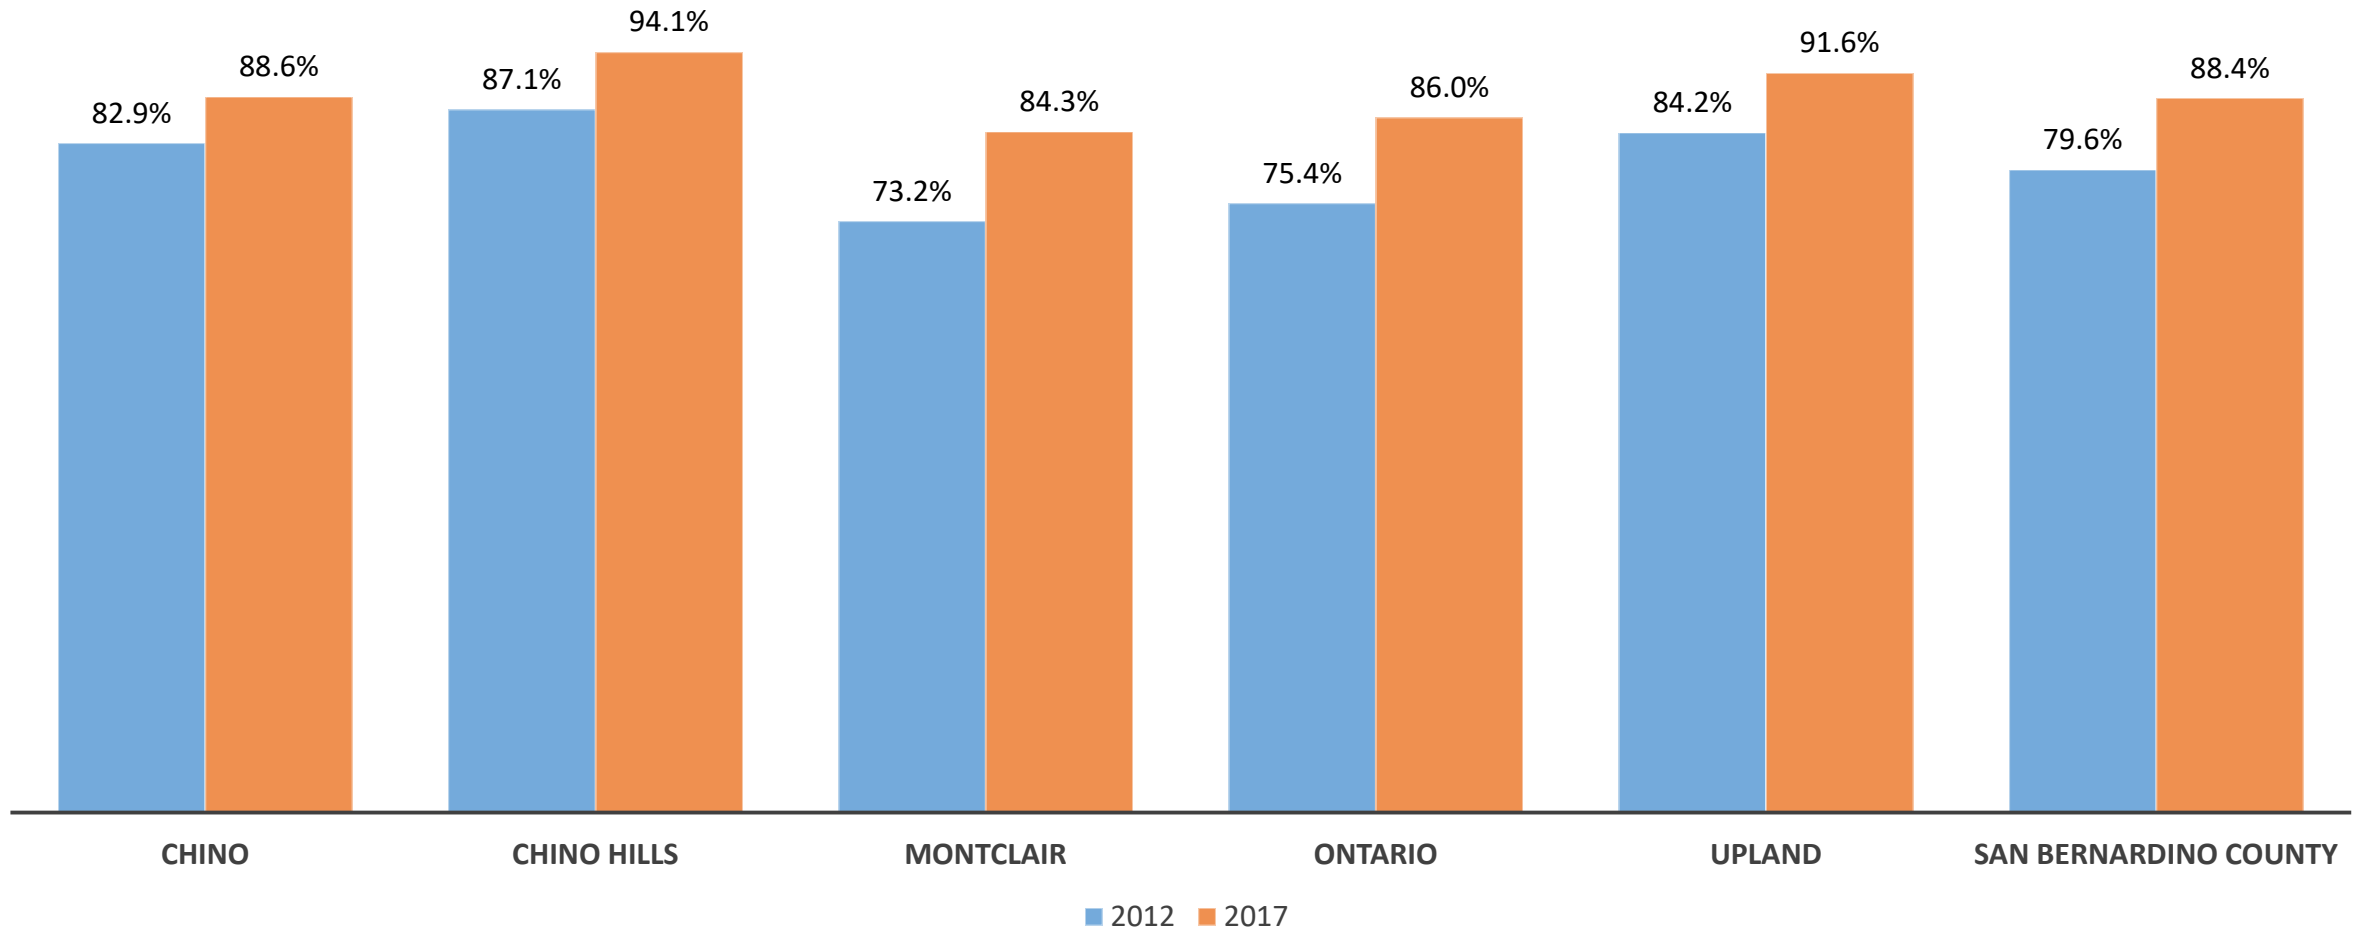

The Affordable Care Act

Enrollment in Health Insurance in SBC has risen by 14% from 2010 (78.4%) to 2017 (92.4%).

This rise mostly took place between 2013 to 2015.

Health Insurance Coverage – District 4

Nutrition (Food Deserts)

Is Good Health Out of Reach?

In SBC 21.3% of our population was more than 1.0 mile away from access to healthy foods.

Nutrition (RFEI)

Is good health out of reach?

The ratio of fast food/convenience stores to supermarkets was higher in SBC than in the State or the U.S.

From 2003 to 2016 in SBC, this ratio grew from 5.8 to 7.8.

Mental Health (Suicide)

Social & emotional health is key

- Whites are the largest group, but have been declining over time, while Hispanic suicides have increased recently.
- Some growth in suicide for senior population has also occurred in recent years.

Cardiovascular Disease

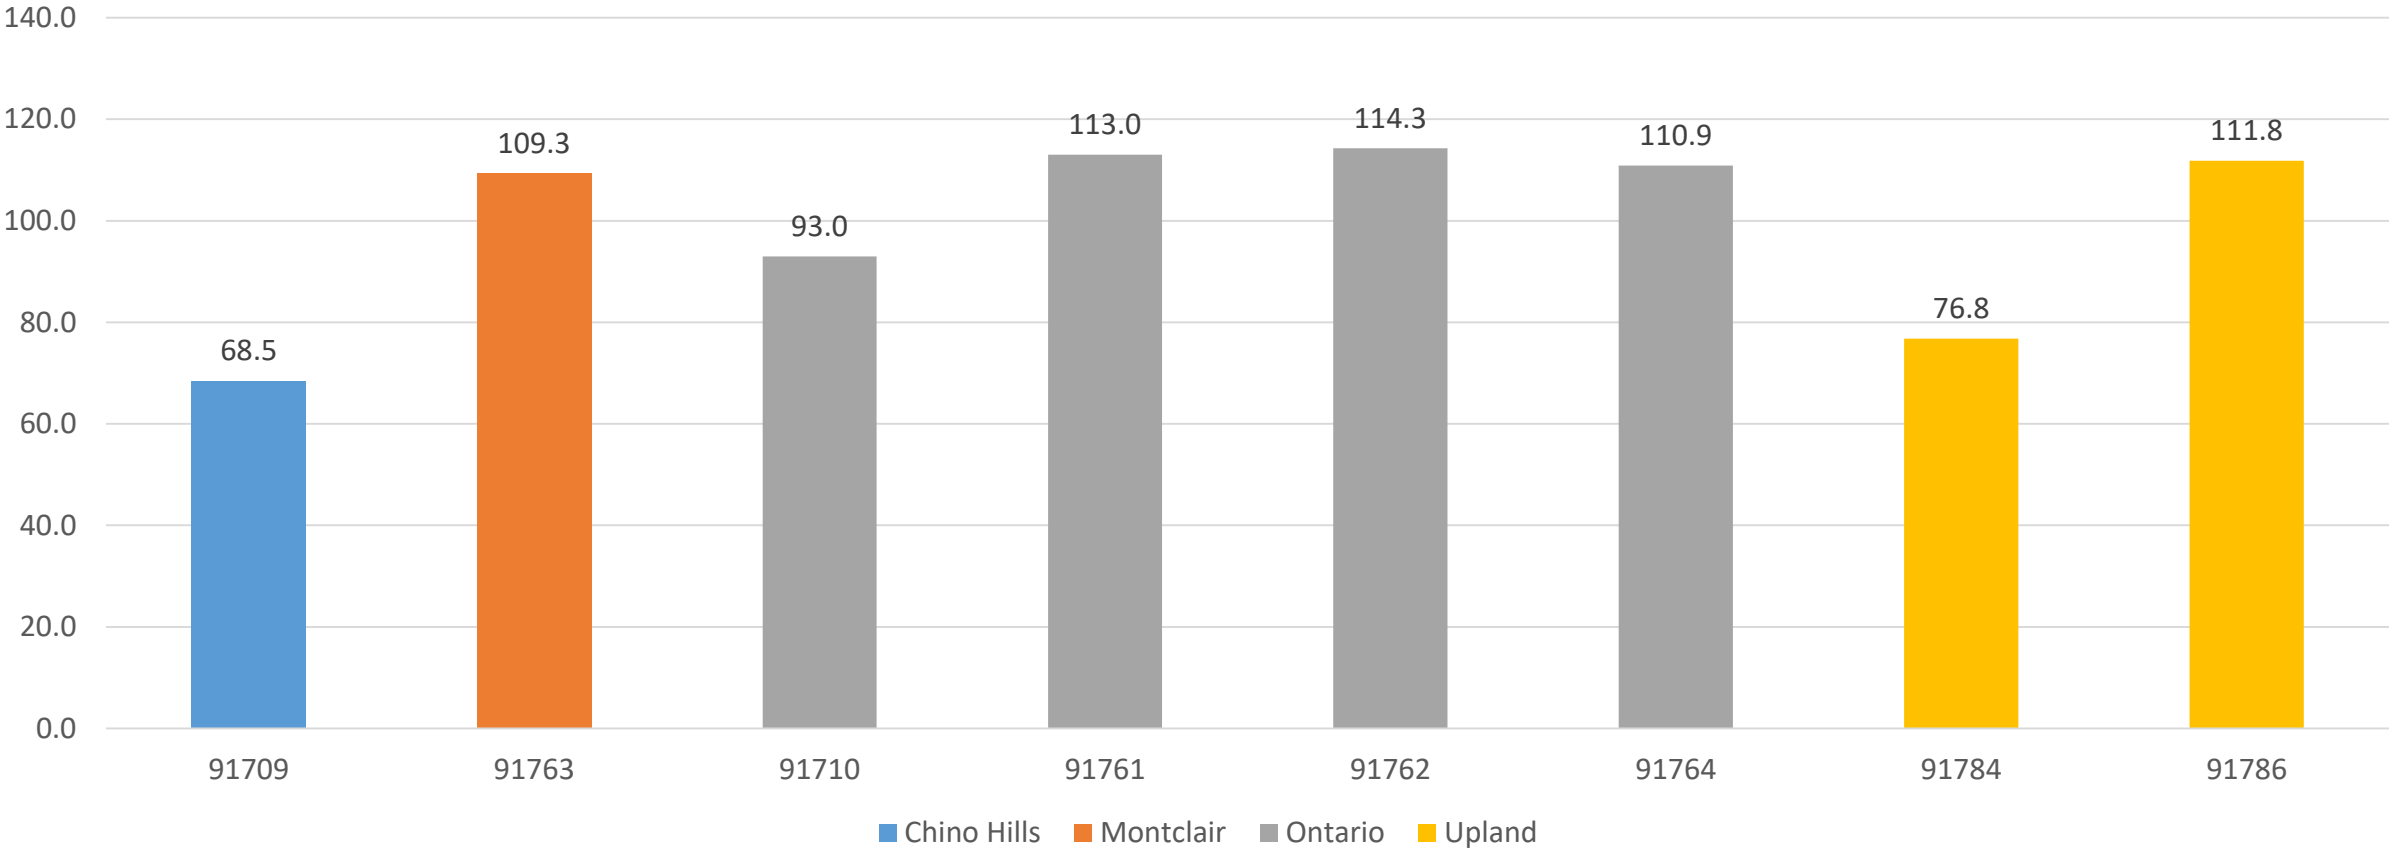

Are We More Heart Healthy?

- Although rates have been higher in SBC than in CA over time, rates have declined between 2010 and 2017.
- In SBC, rates fell from 152.4 in 2010 to 119.2 per 100,000 people in 2017.

Cardiovascular Disease – District 4

Hospitalization Rate due to "Diseases of the Heart", 2013-2017, District 4

Chlamydia

Our Growing Public Health Crisis

- There has been a gradual increase in chlamydia rates since 2005.
- In 2017, SBC ranked 14th among all counties in the U.S. for total number of cases.
- In 2017, young adults aged 15-29 accounted for most (80.3%) cases in SBC.

Gonorrhea

Our Growing Public Health Crisis

- Gonorrhea rates (per 100K) decreased in 2005 from 108.9 to 56.1 cases in 2010, but then increased dramatically from 56.1 to 158.7 in 2016.
- In 2017, SBC ranked 23rd among all counties in the U.S. for total number of cases.
- Young adults aged 15-29 accounted for more than half (63.0%) of all gonorrhea cases in SBC in 2017.

Syphilis

Our Growing Public Health Crisis

- Primary/secondary syphilis rates (per 100K) in SBC have increased dramatically since 2005, from less than 1 to nearly 8 for every 100k, in 2016.
- In 2017, SBC ranked 31st in the number of reported primary and secondary syphilis cases in the U.S.

Congenital Syphilis

Our Growing Public Health Crisis

- In a single year, the rate of congenital syphilis (per 100K) increased from 12.8 in 2015 to 64.0 in 2016.
- The number of congenital syphilis cases in SBC increased by 70.0% from 2015 to 2016.

Children's Preventive Oral Health Services

Oral Health Means Overall Health

Preventive dental service for the ages 0-5 in SBC has risen by 3.3% from 2010 to 2017. However, we are still lower than the State rate of 34.2%.

San Bernardino County
ECONOMY

Poverty

A Cause and Consequence of Poor Health

- Current poverty rates continue to be higher than the rates in 2012.
- However, since 2015, we have seen a gradual decline in poverty rates for the County.
- SBC continues to be higher than the State and the U.S.

Poverty – District 4

Unemployment

It's More Than Just a Paycheck

- The unemployment rate for SBC is nearly half compared to the rate in 2010 (16.2% vs. 8.2%).
- Although the unemployment rate for SBC has been its lowest since 2010, it is still significantly higher compared to CA and U.S. rates.

Unemployment – District 4

San Bernardino County
EDUCATION

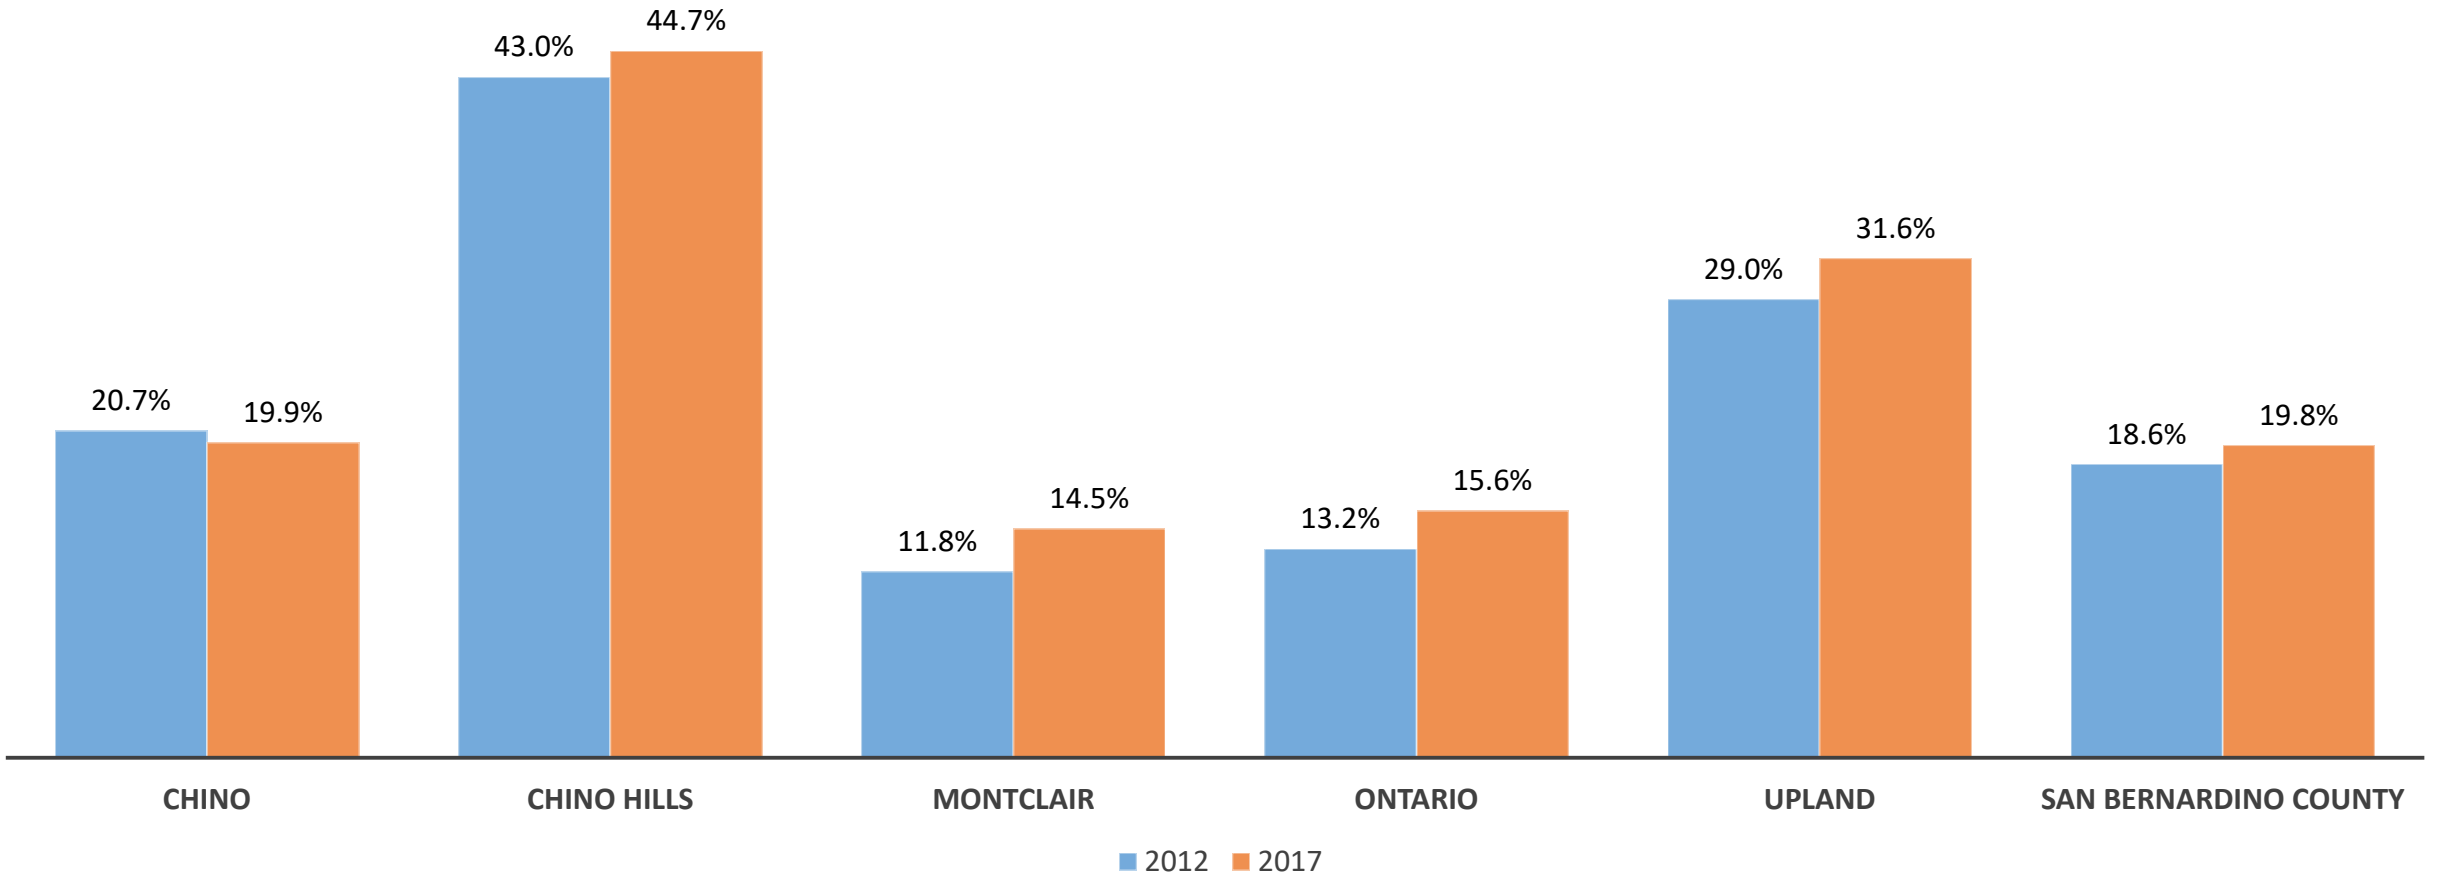

Educational Attainment

Better education = Healthier lives

While the trend for the State, the Nation, and SBC has slowly been increasing, the County is still below.

Educational Attainment – District 4

College Readiness

Early Momentum For Long Term Success

- While the trend for both the State and the County has been gradually increasing, the County still remains below the State rate.
- SBC has increased from 23.7% in the 2009-10 school year to 38.4% in the 2017-18 school year.

High School Graduation Rates

A First Step to Increasing Opportunities

- The trend for both the State and the SBC has been increasing. Although in the past few years, the high school graduation rate has plateaued.
- In 2017-18, SBC had a higher high school graduation rate than the State.

San Bernardino County
SAFETY

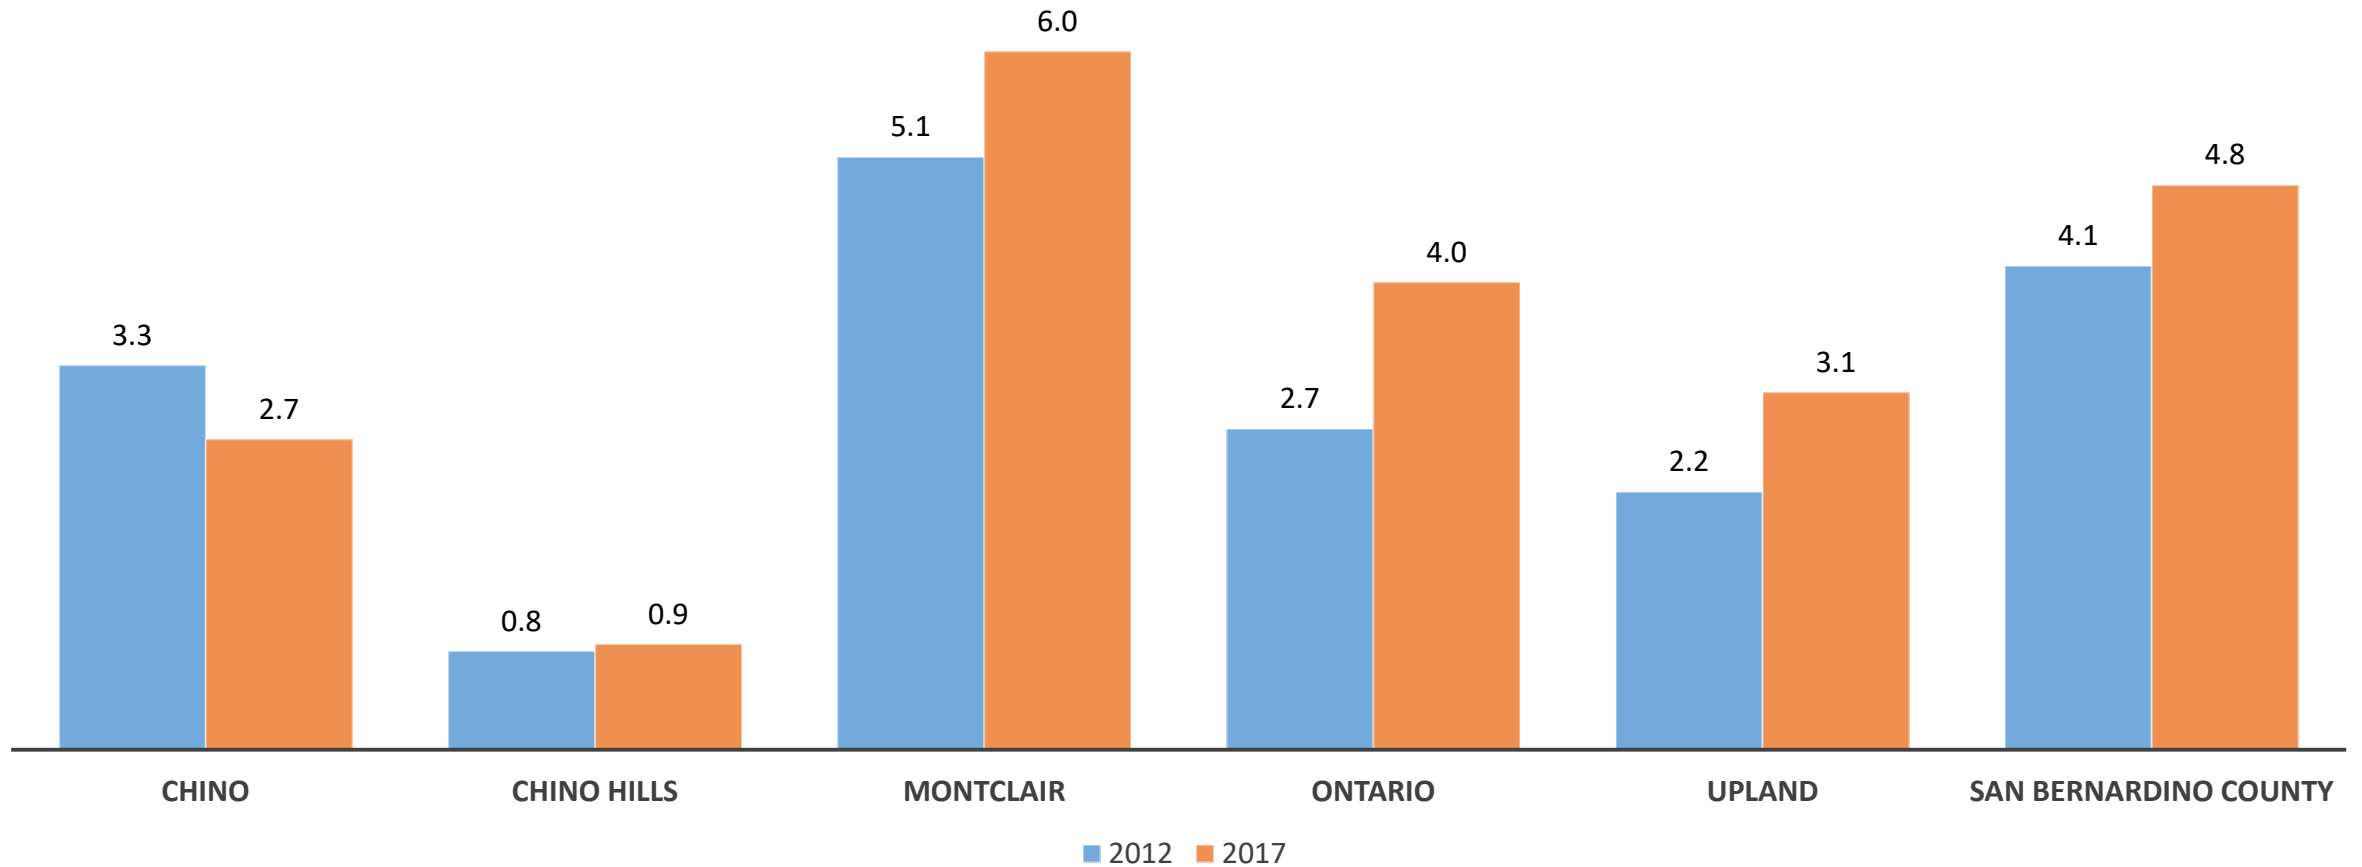

Community Safety (Violent Crime)

Creating Safe and Active Neighborhoods

- Violent Crimes have decreased by 50% since 1994.
- However, the rate of violent crime in 2017 is higher than 2012. The county rate increased from 4.1, per every 1,000 people, to 4.8 for 2017.

Violent Crime – District 4

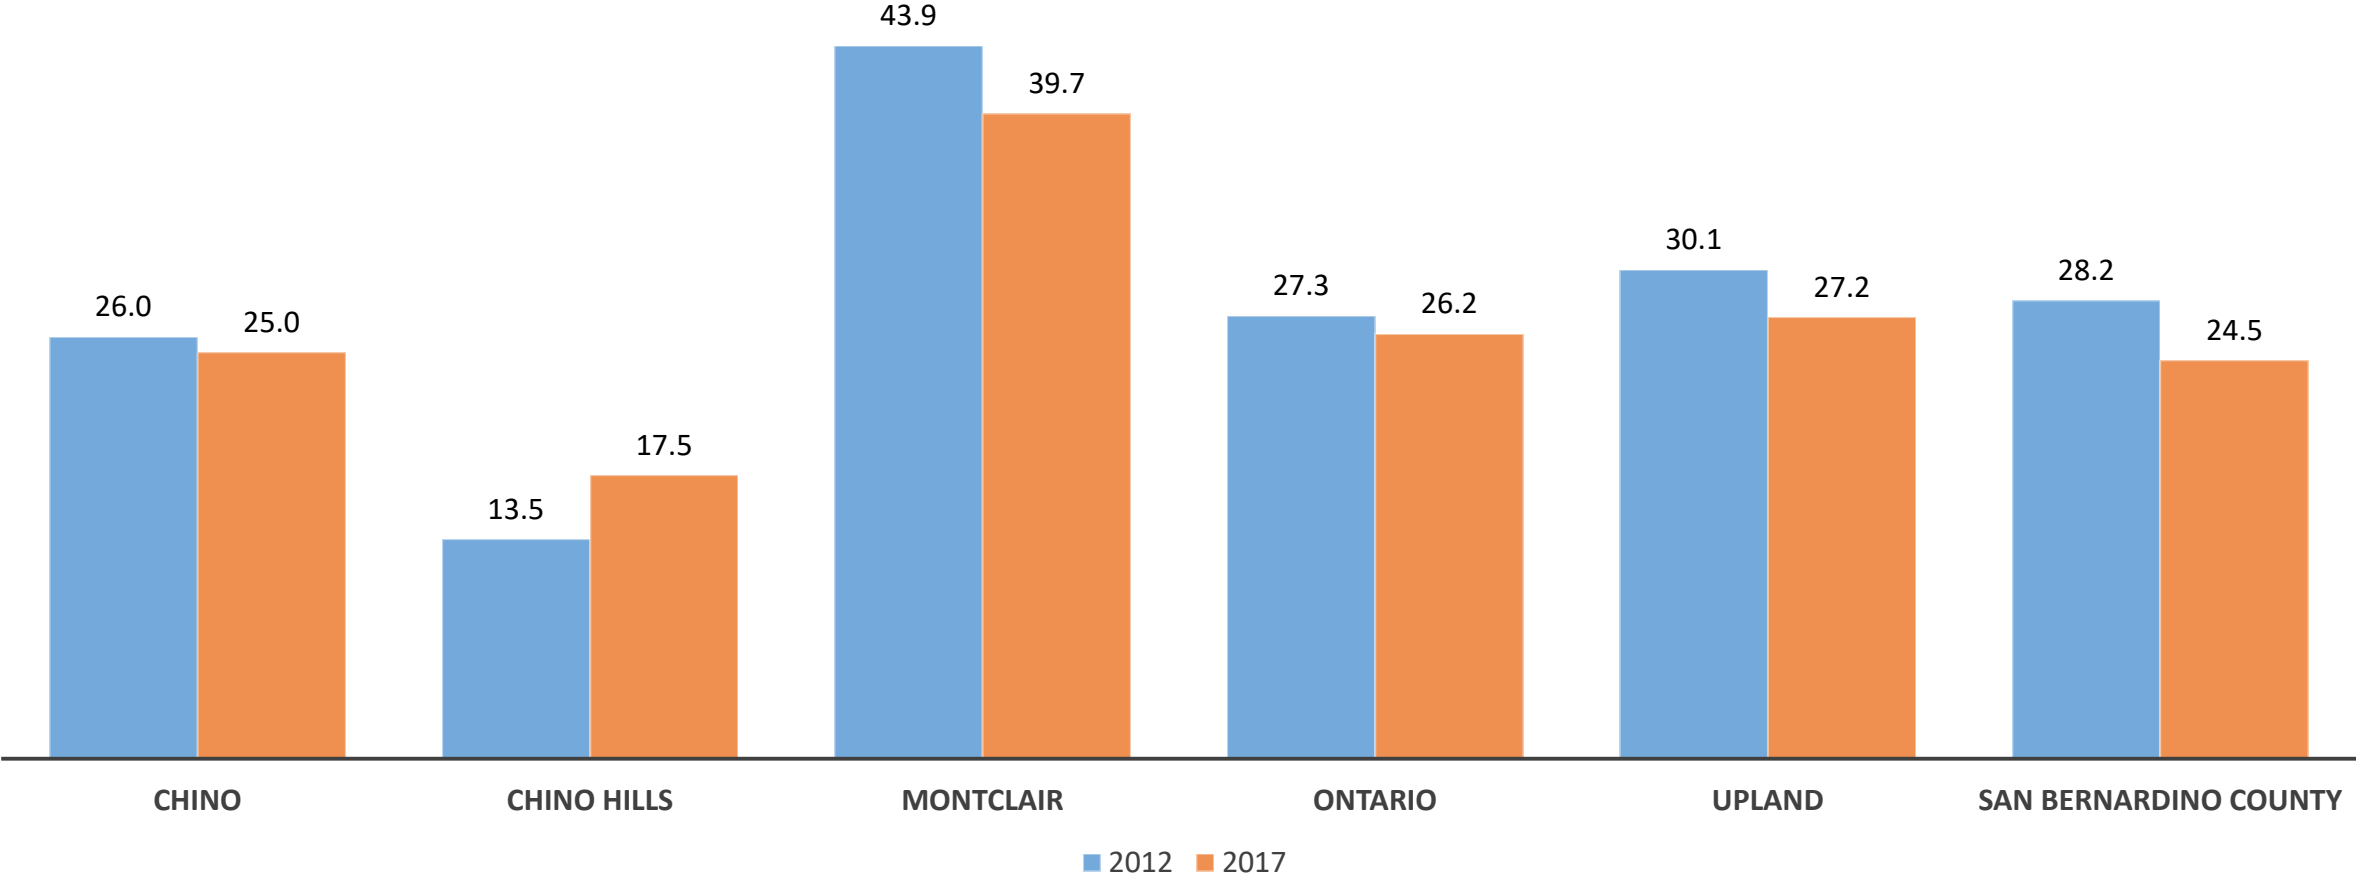

Community Safety (Property Crime)

Creating Safe and Active Neighborhoods

- Since the year 2000, the rate of property crime in SBC has been higher than the rate for CA (except in 2006).
- While remaining higher than CA rate, property crime in SBC has decreased by 59% since 1994.

Property Crime – District 4

Traffic Collisions

Ensuring We Can Live an Active Lifestyle

SBC has experienced reductions in traffic-related fatalities and serious injuries over more than the past decade, though there has been an uptick in serious injuries over the past couple of years.

On average, 300 people die in traffic collisions, 740 are seriously injured, and 14,000 people are injured each year in SBC.

Group Discussion

- Based on your personal experience, why do you think the numbers presented are going up, down, or staying the same?
- Did any of the data surprise you because it did not match your perception of what is going on in the County?
 - If the data did not match what your understanding of what is going on, please tell us the reason(s) why not?
- Are there any other disparities or inequities that are not reflected in the presentation today – but are a priority for you or your organization?

Group Discussions & Reporting Out

Closing and Next Steps

- Convene Community Town Hall meetings (*Aug–Sept*)
- Continue process to gather community feedback to prioritize Health Needs
- Update Community Transformation Plan
